

THE BELLY DANCER

By Megan Riedl & Jacob Honeychurch

COMMUNITY CONSULTATION WORKSHOP

Tripwire Theatre Inc. invites community members and representatives from relevant stakeholder organisations to provide feedback on a new play in development.

'The Belly Dancer', written by Megan Riedl & Jacob Honeychurch, follows a young couple as their relationship falls apart amid the backdrop of anti-mosque protests.

In our workshop, actors will present scenes from the second draft. Participants will consult with the playwrights and provide feedback about appropriate portrayals of the topical social themes and political messages within the play, including:

- Family violence
- Cultural diversity & social cohesion
- Islam
- Bendigo CALD & Islamic communities

The feedback provided will be used to refine the playscript into its final draft.

Any questions and RSVPs to Megan
